Rime Pendant Cluster

— TAF Studio

Designed by	TAF Studio
About the Designer	TAF Studio is a Stockholm-based design and architecture studio, founded by Gabriella Gustafson and Mattias Ståhlbom. The duo works within product and interior design.
Environment	Indoor
Country of Production	Poland
Description	The Rime Cluster Pendant brings together multiple Rime Pendant Lamps to form a refined lighting composition with a soft, atmospheric glow. Each lamp features semi-transparent, sandblasted glass and a distinctive acorn-inspired shape, paired with a powder-coated top and matching tube and cord. Suspended in a balanced cluster, the lamps create an elegant focal point that adds depth and sophistication to any space.
Material	The shade is made from mouth-blown glass with a sandblasted finish. The top piece and pendant tube are made from powder-coated aluminum. The cord is made from PVC. The canopy is made from injection-moulded ABS with steel brackets. The cross bracket is fitted with a hinge, allowing the canopy to be opened, adjusted, and closed to facilitate installation and adjustment of the lamp lengths. The canopy is equipped with a strain relief and a connecting terminal. The cord is included. For the US variant, the canopy is made using 50% post-consumer recycled ABS.
Cleaning & Care	The lamp should be cleaned with a soft, dry cloth. The electricity supply should always be switched off before cleaning.
Light source included	Yes Rime Pendant Cluster - Ø12 - 12, Rime Pendant Cluster - Ø12 - 18, Rime Pendant Cluster - Ø12 - 6, Rime Pendant Cluster - Ø18 - 3 No Rime Pendant Cluster - Ø25 - 6
