

Linear System Table Power Outlet

“The Linear System Series places people at its center, being a place to meet, to collaborate or to work in focused solitude. The design process was about creating a system that made for intimately welcoming atmospheres, enhanced by the expression and functionality of its lighting and accessories. With its warm materiality and modern expression, the Linear System Series brings feelings of home into larger spaces to give the user a sense of belonging, even if being there only for a little while. The extensive selection of lighting and accessories means that the Linear System Series can be configured and reshuffled for any purpose of the modern workplace as well as hospitality settings and public areas, arraying the ideas of aesthetic and function into one.”

— Thomas Bentzen

Designed by	Thomas Bentzen
About the designer	Thomas Bentzen, former Head of Design at Muuto, started his own studio in 2010. Bentzen’s designs are characterized by simplicity, rationality and functionality — always firmly rooted in the Danish design tradition, material knowledge, craftsmanship and rational industrial manufacturing processes. His work continues to receive international recognition at fairs and exhibitions all over the world.
