HJWO2 OPALA TABLE LAMP MIDI

HANS J. WEGNER

HJWO2 OPALA TABLE LAMP MIDI

The HJWO2 Opala Table Lamp Midi was designed by Hans J. Wegner in 1973 as a part of larger lighting series designed for Hotel Scandinavia in Copenhagen. The Opala Lighting Series presents a distinctive, almost futuristic expression with slightly tilted lampshades and straight lines. Opala Table Lamp features an asymmetric opal acrylic shade with a painted aluminium top, radiating a pleasant, focused light, while softly illuminating the surrounding space through the lampshade. Suitable for both the office- and living room. The table lamp is also available in a smaller version.

SPECIFICATIONS

Bulb	Dimmable function		Cord			Suspension
